SOYBEAN INSPECTIONS CONTINUED LIGHT IN JUNE

Inspected receipts of soybeans continued light in June with a total of 2,025 cars compared with 2,182 cars in May, according to inspectors' reports to the Grain Branch of the Production and Marketing Administration. The average for the month of June for the crop years 1940-44 was 3,067 cars. Inspected receipts for October-June this season were 80,459 cars compared with 78,183 cars for the same period last season.

The quality of soybeans inspected in June continued good, 92 percent grading No. 2 or better compared with 93 percent in May.

June inspections included the equivalent of about 28 cars inspected as truck receipts.
